Purple Fashion is the avant-garde reference for fashion, style, and contemporary culture with the usual big names. The Brain issue explores how the brain functions, the power of artificial intelligence, the nature of the artistic brain, and the voice of kids with a radical new state of mind. With contributions by, among others, Leah Kelly, Joshua Decter, Mark Alizart, Beau Friedlander, Bruno Verjus, Inge Grognaard, Alejandro Jodorowsky, Brad Phillips, Paul Mccarthy and Gus van Sant. With Purple News insert by Juergen Teller.
