Thomas J Price has rapidly become one of the most important British artists of his generation. Celebrated for his large-scale figurative sculptures, Price's multidisciplinary oeuvre bends conventions of material, scale, and presentation. His works confront preconceived attitudes towards representation and identity, inverting the viewers' sense of familiarity and drawing their perceptual judgements into immediate question.

With texts by Charles Gaines, Thomas J Price, Florian Steininger & Gary Topp.

Accompanying exhibitions at Kunstmeile Krems, 2024, Kunsthal Rotterdam, 2024/25 & Arnolfini, Bristol, 2025.
